COLLEGE OF GENERAL STUDIES—CAREER PLANNING

Campanile Connections

SDSU's online career software allows anytime-anywhere management of your position announcements, interview schedules, and organizational profile. Getting started is easy!

Campanile Connections is located at: <http://careercenter.sdsu.edu>.

Click on the Campanile Connections icon, then the Employer link. Prior to using the program you must register. Select “[Click here to register!](#)”. Complete and submit your registration.

Assign a username and password. Following registration, please sign out of the system and wait for your email notification of approval.

Once approved, you may log in and access the system to add jobs, request schedules, and search candidate profiles.

You can search the database to check if your Organization is already registered. If it is, you can add yourself as a new contact. If not, select “Can't Find Your Organization?” and complete the registration process.

Following registration you will be logged into the system, but you will be unable to add jobs, request schedules, etc. until your account has been approved. You will receive email notification of approval.

Home

Once you login you will be directed to your home page which will include Announcements, Resource Library, Quick Links, and Calendar.

My Profile

Modify your profile information, Employer Information, Contact Information, and Miscellaneous Information.

Student Search

Select Student Search to search the student database.

My Jobs

Review your current and past postings by selecting “Job List”. Add a new posting by selecting “New Job.”

Schedules (On-campus Interviews)

Review your current and past schedules by selecting “Schedule List.” You can also manage your interview schedule through this option. Request a new schedule by selecting “New Schedule Request.”

Career Events

Events taking place can be viewed from Career Events. Events requiring registration will be listed here as well.

What Campanile Connections Can Do

Currently, the Campanile Connections database contains nearly 1,700 active employers advertising internships, professional part-time and professional full-time employment opportunities to SDSU students and alumni.

Since Campanile Connections' inception at SDSU in August 2005, 3,770 jobs have been posted for student and alumni viewing. Over 402 schedules (on-campus interviews) have been requested and over 1,408 students have been interviewed from these schedules.
