

CAREER CONSULTING

Maybe you haven't chosen a major yet and are visiting our offices for career consulting — or one of our other many career or employment services. To help make your contact with our office more helpful and efficient, we ask that you register in Campanile Connections.

Campanile Connections is located on our website at :

<http://careercenter.sdsu.edu>.

Click on the icon in the lower left hand corner. Select "Click here to register!" under the Student/Alumni section. All of the fields marked with an asterisk are required information. Complete the registration and assign yourself a username and password. Entering your student id triggers approval in the system. Then, click the Register button; that's it—you're done. If you have problems or questions while registering, be sure to contact us.

When you are ready to search for an internship opportunity or your first professional job, your profile will be started and all you need to do is update your information.

INTERNSHIP COORDINATION

WHAT IS AN INTERNSHIP?

An internship is an opportunity for students to integrate their educational program at South Dakota State University with meaningful work experiences while receiving academic credit. Through internships, students enhance their academic knowledge, their personal development, their overall vision, as well as their professional preparation. Internships are generally designed for junior and senior level students who have a solid background in their discipline.

HOW DOES AN INTERNSHIP WORK?

Step 1. Contact your academic advisor for confirmation of readiness.

Step 2. Contact your Department's Internship Coordinator for previously approved locations.

Step 3. Check Campanile Connections for current opportunities.

Step 4. For more information, contact the College of General Studies.

COLLEGE OF GENERAL STUDIES—CAREER PLANNING

CAMPANILE CONNECTIONS

SDSU's online career software allows anytime-anywhere access and management of your profile and resume for job searches or employer contact. Getting started is easy!

Campanile Connections is located at: <http://careercenter.sdstate.edu>. Click on the Campanile Connections icon. Prior to using the program, you must register. Select "Click here to register!". Complete the registration and assign yourself a username and password; then click the Register button. That's it—you're in!

All of the fields marked with an asterisk are required information. However, the rest is up to you. You choose what information you want in the system and even whether or not you want employers to see your profile and resume. However, you do need to allow employer viewing and have a resume uploaded to your profile to participate in on-campus interviews.

HOME

Once you login you will be directed to your home page which will include Announcements, Resource Library, Quick Links, and Calendar.

MY ACCOUNT

Modify your profile information, upload resumes and cover letters, and check the activity of your account.

EMPLOYERS

Select Employers to search the employer database by organization name, city, state, or employers seeking students with your major.

JOB SEARCH

Select Jobs and Job Search to look for openings by organization name, job location, position type (internship or professional full-time), or jobs requiring your major.

SCHEDULES (ON-CAMPUS INTERVIEWS)

Qualified Schedules are schedules that you are eligible to sign up for based on system only criteria (employers may request or setup further screening prior to placement on schedule). Future Schedules lists all upcoming schedules in the system.

CAREER EVENTS

Events taking place on campus can be viewed from Career Events. Events requiring registration will also be listed here with the ability to register through the system.
